### Education

University of Maryland – College Park  
Bachelor's in Computer Science  
Minor in Mathematics  
Graduation: May 2023  
GPA: 3.95 ACT: 34  
SAT Math II: 800 SAT Physics: 740

### Skills

Java	C
JavaScript	Assembly (MIPS)
Python	BASH / tcsh
Git	TEX
HTML / CSS	Windows / MacOS / Linux

### Relevant Coursework

- |  |  |  |
|--|--|--|
| • <b>CMSC 132:</b> OOP II                    | • <b>MATH 241:</b> Calculus III  | • <b>MATH 401:</b> Applications of Linear Algebra        |
| • <b>MATH 240:</b> Linear Algebra            | • <b>ENES 210:</b> Entrepreneurial Opportunity Analysis and Decision-Making in Technology Ventures | • <b>CMSC 330:</b> Organization of Programming Languages |
| • <b>CMSC 250:</b> Discrete Structures       |  | • <b>CMSC 351:</b> Algorithms                            |
| • <b>CMSC 216:</b> Intro to Computer Systems |  |  |

### Projects

- Ocean Pollution Analyzer** • Competition Project 2020
- A UMD Data Challenge project analyzing Booz Allen Hamilton data on ocean pollution cleanups.
  - Hosted a **Python flask** webapp to illustrate the effectiveness of cleanups and which places were reported to have the most pollution.
  - Created and accessed a **SQLite** database with SQLite to analyze over 45,000 rows of data.
- Portfolio Site** • Personal Project 2019-2020
- Created and maintained a website holding resume, contact, and bio information.
  - Used **HTML**, **CSS**, **jQuery**, and **Python** to host on **Google Cloud**.
- Career Day** • School Project 2018-2019
- Sorted 800 students to their preferred Career Day speakers in accordance with their top choices and an assortment of variables.
  - Lead a team of 12 student programmers in **Java** and **Python** using **Git** to merge different groups' code to a final project.
- Agenda** • Personal Project 2017-2018
- Kept track of rotating schedules, labs, GPA, and time management for high school students.
  - Released an app for OSX, iOS, and web, using **Java**, **Swift**, and **HTML**, **CSS**, **JS**, and **Python** respectively

### Experience

- Teaching Assistant** • CMSC 132 • University of Maryland August 2020 - Present
- Act as office hours and grading teaching assistant for CMSC 132 (Object Oriented Programming II).
  - Hold virtual office hours for students, teaching data structures in Java and helping students debug projects.
- IT Intern** • Fidelity National Title • Fidelity National Financial July 2020 - August 2020
- Imaged devices, set up workstations, configured print servers.
  - Troubleshoot various server and user issues either in person or over remote connection.
  - Learned intricacies of numerous software programs regarding installation, troubleshooting, and repair, maintaining the effectiveness of coworkers.
- Teaching Assistant** • APCS • Pascack Hills High School Sept 2018 - June 2019
- Taught students fundamental programming techniques, focusing on Java. Helped debug and analyze students' projects.
  - Co-found Advanced Topics in Computer Science class, with curriculum involving Python, webdev, Swift, and Arduino.

### Activities / Leadership

#### Open Sourcery

- Computer Science club specializing in open source cooperation and contribution. Weekly meetings either involve workshops on varying technologies or breakoffs where different groups within the club discuss and work on their own team projects.
- Acting Personal Relations Officer, fielding member questions, running social media, sending announcements, and spearheading outreach for new members.

#### Sigma Phi Delta

- Professional / Social Engineering Fraternity

#### CompuTerps

- Computer Science Discussion Club
- Discuss popular topics in technology, from both a consumer and developer perspective.
